

(QUESTION 1 MINMAX)

Initial Tree:

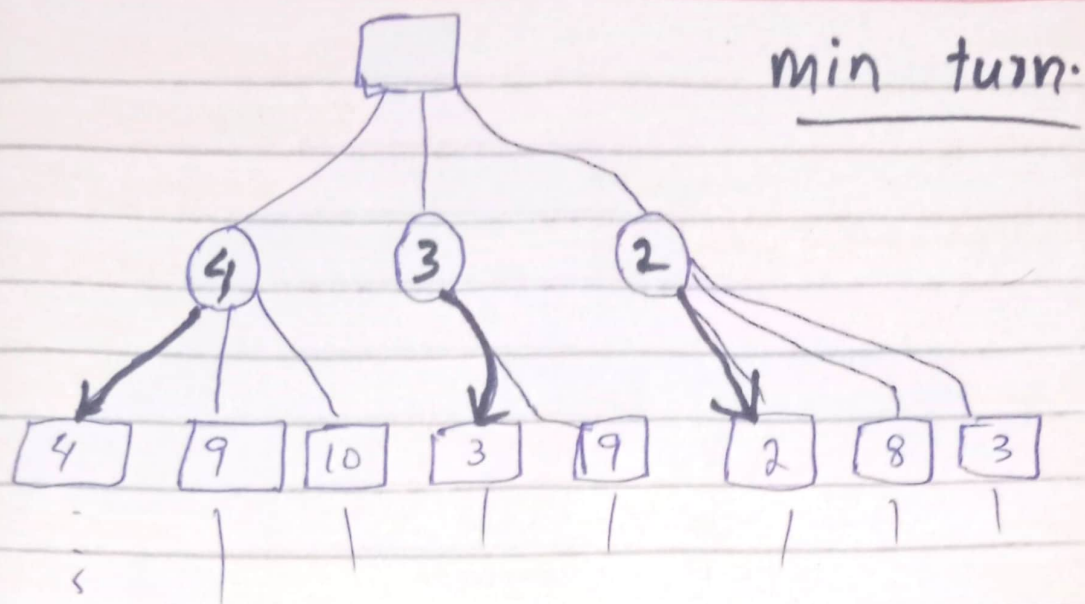

Step: 1 starting from leaf nodes
level 3

Step (2) level: 2 It is min turn.

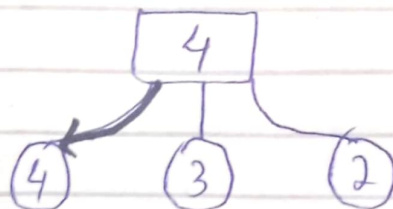

- min has 8 options, 3 moves.
- min will choose least (minimum)
- so it chooses 4, 3, 2.

Step (3) Max-turn: level (1)

⇒ max has 1 option out of 3 possible moves.

max will choose $\max(4, 3, 2)$
so 4 it is.

final dept-first-search tree.
